Introduction

This Schedule of Contributions has been prepared by LSF Pensions Management Limited (“the Trustee”) in its capacity as trustee of the Lloyd’s Superannuation Fund (“the Fund”).

This Schedule specifies, for the period from the date of certification of this schedule to 30 April 2026, the rates and due dates of employer and employee contributions to the Fund. It is subject to review from time to time as required by legislation and by the Fund's Rules and following actuarial investigations.

Payment is to be made to the Fund within one month of the invoice being provided by the Trustee to MS Amlin Corporate Services Limited.

Defined Contribution Section

Employer core and matching contributions

At the date of signing of this schedule there are no active members accruing benefits under the defined contribution section. Should new members join that section in future, an updated

agreement as to contributions payable by the employers of those members will need to be put in place.

Employee contributions

Defined Benefit Section

Following the closure of the Fund to future accrual from 30 November 2020, there are no active members accruing benefits under the defined benefits section, and no further contributions are due.

Additional Voluntary Contributions

No members will be permitted to pay additional voluntary contributions.

Miscellaneous payments

Augmentation costs

Contributions may need to be paid in addition to those set out in this schedule if benefit improvements or augmentations are made, particularly if there is no allowance made for such benefit augmentations in the funding plan set out in the Statement of Funding Principles. The amounts of such contributions should be determined in accordance with the Rules of the Fund and remitted to the Trustee within 1 month of the date the augmentation is agreed by the Trustee and the relevant employer or to reflect any other such terms as may be agreed between the Trustee and the employer.

Other contributions

Further contributions must be paid in accordance with the Fund Rules and legislation, as required from time to time (for example if a scheme is terminated or an employer ceases to participate in the Fund).

All contributions are subject to review at subsequent actuarial investigations for the Fund.

Nothing in this schedule shall preclude the payment of higher contributions than set out above or the payment of contributions sooner than set out above. Such contributions can be treated as being covered by this Schedule.

Alongside this schedule, a deed of participation has been entered into by the Trustee and MS Amlin Corporate Member Limited and others, and a guarantee has been provided by MS Amlin Corporate Member Limited in favour of the Trustee under which MS Amlin Corporate Member Limited guarantees the obligations of MS Amlin Corporate Services Limited to pay the Pension Protection Fund levies and deficit recovery contributions under the schedule of contributions agreed in relation to the Fund from time to time. Those agreements may lead to obligations to make payment to the Fund other than as set out in this schedule.

Appendix A

Certification of the Schedule of Contributions

Name of scheme: **Lloyd's Superannuation Fund**

Adequacy of rates of contributions

I certify that, in my opinion, the rates of contributions shown in this Schedule of Contributions are such that the Statutory Funding Objective could have been expected, on 31 March 2019, to be met by the end of the period specified in the Recovery Plan dated 1 July 2020.

I also certify that any rates of contributions forming part of this Schedule which the Fund requires me to determine are not lower than I would have provided for had I had responsibility for preparing or revising the Schedule, the Statement of Funding Principles and any Recovery Plan.

Adherence to Statement of Funding Principles

I hereby certify that, in my opinion, this Schedule of Contributions is consistent with the Statement of Funding Principles dated 1 July 2020.

The certification of the adequacy of the rates of contributions for the purpose of securing that the Statutory Funding Objective can be expected to be met is not a certification of their adequacy for the purpose of securing the Fund's liabilities by the purchase of annuities, if the Fund were to be wound up.
